Short bio

Jeanine Emilia Cornillot is an Emmy- and Ambie-winning executive producer and showrunner whose work spans podcasts, television, scripted audio, practical AI, and emerging technology. She created and showran *Scamfluencers* and *The Last City*, co-developed and produced *Dying for Sex*, and founded Wondery's first *AI Creator Lab*. She is also the author of the memoir *Family Sentence*. At Ghost Mode Labs, she develops original IP and new tools for storytelling.

Jeanine Cornillot works across three connected practices: creating and showrunning narrative series, writing from lived and cultural experience, and testing how practical AI can support creative production. Across each, the throughline is the same: turning complex material into clear, character-driven stories and useful new formats.

BOOK · BEACON PRESS

PUBLISHERS WEEKLY “TOP 20” FALL BOOK SELECTION

A memoir published by Beacon Press.

“Finalmente! As incisive as she is lyrical, funny as she is profound, Cornillot dislodges the bolero-and-palm-tree nostalgia associated with Cuban American identity, and asserts claim to a new and very real history.”

H. G. CARRILLO
AUTHOR OF *LOOSING MY SPANISH*

“Adds to the ever-growing jigsaw puzzle that is the Cuban American experience with verve and charm.”

OSCAR HIJUELOS
PULITZER PRIZE-WINNING AUTHOR OF
THE MAMBO KINGS PLAY SONGS OF LOVE

Cornillot moves “between depth and frivolity, humor and pathos.”

BOOKLIST
BOOK REVIEW

“A charming, often sorrowful study of learning to let go of a myth and love a person.”

Full bio

Jeanine Emilia Cornillot is an Emmy- and Ambie-winning executive producer and showrunner with more than 300 episodes across podcasts, television, and digital media. She created and showran *Scamfluencers* and *The Last City* and co-developed and produced *Dying for Sex*, all for Wonderly and Amazon.

Her television work includes serving as supervising producer on A&E's *Born This Way*, which won three Primetime Emmys, and Vox Media and PBS's *No Passport Required*, a James Beard Media Award winner. Her credits span true crime, narrative nonfiction, scripted fiction, pop culture, and children's storytelling.

At Wonderly, Cornillot founded the company's first *AI Creator Lab*. She built its curriculum, internal resource hub, and partnerships, growing participation from four people to more than fifty across the company. Three projects were greenlit through the lab.

Through Ghost Mode Labs, she develops original IP and prototypes new ways to research, build, and extend stories across scripted, nonfiction, and emerging formats. Current work includes a visual audiobook that redraws itself with every listen, a 3D worldbuilding tool for writers, and a mythology research platform designed for franchise development.
